

Offset, JEALOUSY (feat. Cardi B)

Hating ass nigga cuz I got it out the mud
Hating in the family Nigga be ya own blood
Screaming Fuck 12 to the DA and the judge
Never been a dub
Never been a scrub
45 glock now , oh you want the judge
Better than who must be high on them drugs.
Cooling in the mansion with the bubbles in the tub
Heard you undercover you a bitch, you was a stud
Set, yes Nigga don't try me
In a lamb, I be damned if a Nigga try me
Getting ham wit the fam man a nigga gotta eat
Shawty nothing I'ma bust ima trick for a treat
For I bought the lamb I was riding in a jeep
500 horses with a stick on a seat
Fuck that nigga he'll fold when it's heat
Go against the code for the dough boy you weak.
Go against the grain man you kno a nigga lame
Cartier frames I can see a nigga brain
Cartier bracelet it's matching with the chain
Dirt up on my name man you niggas should be ashamed.
Knock off her boots
When I'm throwing up gang
Diamond fruit loops
In this watch and it's plain
My dog got the juice
And I'm smoking propane
I'm gunning I run to the money Usain
Who talking Who telling Who Sang
IM selling prescription cocaine
She fuck with my pimping
My cane
I'm Micheal I'm not no Jermaine.
Jealousy that shit gon eat yo heart out
It's a AR sawed off we'll slow your squad out.
it's the beast you brought out
It's a feast we ball out
I'll eat ya heart out
I'll pull ya card out
It's simple, put wholes in his face like it's dimples
New Kimbo new bop bop bop bop make it limp him
He play with me blowing me rising my temper
I got millions of racks in my mansion my temple
I'm gangsta but wit yo bitch I get gentle
Wanksta, take out yo teeth like it's dentures
