

# Oh No! Oh My!, Skip The Foreplay

You skipped the foreplay  
And now the baby's on its way

You swear you don't know  
As her belly grows and grows

Oh you thought it was a gift  
When she asked you for a lift

La la la la la la la

You skipped the foreplay  
And now the baby's on its way

When you finally told her dad  
It was strange 'cause he was glad

La la la la la la la
