

# Ohmna feat. Nurlaila, Key of Life

So many things  
that you still want to see  
Even if you know  
the best in life is free  
You can run away  
and think you'll find the treasure  
I can ease your pain  
and give you all the pleasure

x 2

If you use the key of life  
You can open every treasure  
Don't have to go around the world  
Just go inside , it's in your heart  
If you use the key of life  
That's the way you'll feel the pleasure  
You won't get it somewhere else  
Just go inside , it's in your heart
