

Oi Polloi, Sex with strangers

He doesn't know her name
She doesn't know his name
He ain't got a wife
She don't fuckin' have much of a life

Sex with strangers

She's gonna take him home
They ain't gonna be alone
She's got a son
The sun shines out of his fuckin' bum

Sex with strangers

What she wants is a movie star
All she gets is the back of a car
He tells her anything at all
Tells her she's his wonderwall
