

Ola, Baby I'm Yours

I was born in '86
Left my home in late '05
Followed every dream I had
Oh, lord how I tried
Every single breath I took
Each and every way I looked
I did for love the pure and true
I knew I would find you
My girl is all I've ever wanted
She's on my mind (baby)
She's like the honey in the morning
Oh girl you so, girl you so fine
Refren:
Baby I'm yours
Baby you're mine
We're gonna stay like this till the end of time
Baby I won't
Baby you need
So give me that love
I'll show you how life can be...
Take a piece of you and me
Of everything we used to be
Close your eyes and hold it tight
I will stay tonight
Take a picture of a dream
Make it last and you will see
Tonight I'm yours and you're mine
It will be alright
My girl is all I've ever wanted
She's on my mind
She's like the honey in the morning
Oh girl you so, girl you so fine
Refren
Oh girl you're all I've ever wanted
You're on my mind
And she's like the honey in the morning
Oh girl you so, girl you so fine
Refren
