

Ola, Good Enough

Can you feel it
Like electricity in the air
My heart is pounding
I need some grounding, bruning up in here
My head is spinning around
It makes me wanna get down
I wanna be that someone for you
Whould that be good enough
Wait a second
I can see that you got things to do
But take a minute
Cause I'd like to spend some time with you
I wanna take you around
I hope I won't let you down
I wanna be that someone for you
Whould that be good enough
As soon as I
Walked through the door and I
Saw your face
I wanna give you my
Everything
Then you smiled back at me
I wanted to give you more
But I promise is all I have
I'll try my best to be the one
I need to know

Would that be good enough for you
Would that be good enough
I can feel it
You like to hear it when we dancing close
No need to fear it
Only God knows where this love could go
I wanna take you away
I hope we won't go astary
I wanna be that someone for you
Would that be good enough
CHORUS
I'll do my best for you
Would that be good enough
You know I'll see you trough
Would that be good enough
Just tell me what to do
Will good enough
Be good enough for you
Come, sit down
I wanna talk to you
You know this thing
It kind of makes me shy
But I really
Really wanna let you know that
Let me start again
CHORUS
