

Ola, S.O.S.

Am i comin' through
can't you hear me
cryin' out your name
and don't you leave me here
all alone
against a hurricane
I'm tryin' every frequency
but so far there's no answer
just knowing there's a chance for us
could save me from disaster
I'm sending you an S.O.S
I'm sending you an S.O.S
I'm drowning and nobody else
but you can rescue me
I'm sending you an S.O.S
I'm sending you an S.O.S
whitout you I'm a sinking ship
so save me from this sea
of tears
extremy emergency
every breath i take could be the last of me
your amazing grace
is my only hope to stop this tragedy
don't let me come apart when you
could but me back together
Chorus
My breaking heart has learned a lesson
I'll live to prove it if you let me
won't you let me
Chorus
