

# Old 97's, In The Satellite Rides A Star

Time knows your done  
Time as you fall  
I'm in the middle  
Letter's you've signed  
In your cursive, cursive style

Going down tonight  
It's different for Boys and Girls  
I've got your number  
I know who you are  
Your a satellite on the world

And I feel it slowing  
And I feel it slowingdown  
X2

You didn't have the right  
To go so many a mile  
Ain't a good woman who rolls out of sight  
She could honestly stay a while  
So roll on as you like  
Yeah roll in the sand like a stone  
I've got your number  
I know who you were  
You were a Satellite all alone

And I feel it slowing  
And I feel it slowingdown  
X4

And in the Satellite Rides a Star  
X3
