

# Old Canes, Then Go On

wake up.  
you've got one thing on your mind.  
and it's been there for quite some time.  
it's so clear what you want to do.  
how long has it been since i lost you?  
cause i've been out all night again.  
treating my wounds with some gin.  
if you're gonna call the law.  
to cuff my hands and fight me off.  
then go on.

hey love  
there's just one thing that you should know.  
before you call, and i must go.  
when i came home late last night.  
and i had you in my sights.  
cause i've been out all night again.  
locking out, you touched my skin  
knowing that you'll make your call.  
i can't blame you at all..  
so then go on.

hey love.  
what did you expect for me to do?  
sit there and cry in that room?  
count flower petal 'I love you's?  
with a gun in hand and thoughts of you.  
with a gun in hand and thoughts of you.  
with a gun in hand.
