

# Old Man's Child, Enslaved And Condemned

Elements of war  
In cold human detest  
Scan the world  
Invade, kill the rest  
No remorse  
Come forth, demonize  
Break through  
Infest their soil  
In silence of night as hell returns  
Evil's might completes  
Raise the flag of hate  
And praise shall be won  
For the unborn son  
Thou shall suffer in vain  
Seal the world with contempt  
Enslave and codemn
