

Oleta Adams, If This Love Should Ever End

"Let's apologize
For the words that were spoken
Hearts were broken... now I realize
It doesn't matter who's to blame
I don't need a reason why
I just know I can't imagine you telling me goodbye

How can I go on if this love should ever end
How can I stay strong, must I just pretend
When everything inside of me
Says I'll never be this in love again
If this love should ever end

Ooh, I'm completely yours
For as long as I'm breathing I'm believing
No one can love you more
In the good times and the bad times I feel you constantly
With a passion like no other
Won't you tell me please

How can I go on if this love should ever end
How can I stay strong, must I just pretend
When everything inside of me
Says I'll never be this in love again
If this love should ever end

Can we take it back to where it was before
When it seemed that love would last forever more
Let's start picking up the pieces
Follow where love will lead us
Making sweet memories
'Cause if you ever leave

How can I go on if this love should ever end
How can I stay strong, must I just pretend
When everything inside of me
Says I'll never be this in love again
If this love should ever end

How can I go on if this love should ever end
How can I stay strong, must I just pretend
When everything inside of me
Says I'll never be this in love again
If this love should ever end
