

# Oleta Adams, If This Love Should Ever End

&quot;Let's apologize  
For the words that were spoken  
Hearts were broken... now I realize  
It doesn't matter who's to blame  
I don't need a reason why  
I just know I can't imagine you telling me goodbye

How can I go on if this love should ever end  
How can I stay strong, must I just pretend  
When everything inside of me  
Says I'll never be this in love again  
If this love should ever end

Ooh, I'm completely yours  
For as long as I'm breathing I'm believing  
No one can love you more  
In the good times and the bad times I feel you constantly  
With a passion like no other  
Won't you tell me please

How can I go on if this love should ever end  
How can I stay strong, must I just pretend  
When everything inside of me  
Says I'll never be this in love again  
If this love should ever end

Can we take it back to where it was before  
When it seemed that love would last forever more  
Let's start picking up the pieces  
Follow where love will lead us  
Making sweet memories  
'Cause if you ever leave

How can I go on if this love should ever end  
How can I stay strong, must I just pretend  
When everything inside of me  
Says I'll never be this in love again  
If this love should ever end

How can I go on if this love should ever end  
How can I stay strong, must I just pretend  
When everything inside of me  
Says I'll never be this in love again  
If this love should ever end&quot;
