

# Oleta Adams, Life Keeps Moving On

A heart of gold, a new beginning  
The greatest gifts you gave to me  
You changed the way I live  
And said I had so much to give  
Opened my eyes to things I couldn't see

And all the dreams that you created  
were just like wishing on a star  
I could look into your eyes  
'Cause I've got them memorized  
And I'll remember them, no matter where you are

I know that life keeps moving on and on  
I know I'll never love this way again  
But in my heart I know I must be strong  
And as long that I'm alive  
I can make it if I  
Just remember life keeps moving on

A stranger came while I was sleeping  
And took the dreams I had away  
Now I need to lean on you  
Please tell me what to do  
Help me remember the words you taught me to say

I know that life keeps moving on and on  
I know I'll never love this way again  
But in my heart I know I must be strong  
And as long that I'm alive  
I can make it if I  
Just remember life keeps moving on

And sometimes when the nights are lonely  
I need your lovin' arms to hold me close to you  
Never had the chance to say goodbye, I  
Only wish I had someone to tell my troubles to  
Tell me what am I gonna do

I know that life keeps moving on and on  
I know I'll never love this way again  
But in my heart I know I must be strong  
And as long that I'm alive  
I can make it if I  
Just remember life keeps moving on
