

Oliver, Greatest Story Ever Told

Thank you for this moment
I've gotta say how beautiful you are
Of all the hopes and dreams I could have pray'd for
Here you are
If I could have one dance forever
I would take you by the hand
Tonight it's you and I together
I'm so glad
I'm your man

And if I lived a thousand years you know
I'd never could explain
The way I lost my heart to you, that day
But if destiny decided I should look the other way
Then the world would never know
The greatest story ever told
And did I tell you that I love you tonight

I don't hear the music
When I'm looking in you eyes
But I feel the rhythm of your body close to mine
It's the way we touch that sends me
It's the way we'll always be
Your kiss, your pretty smile, you know I'd die for
Oh baby... you're all I need

And if I lived a thousand years you know
I'd never could explain
The way I lost my heart to you, that day
But if destiny decided I should look the other way
Then the world would never know
The greatest story ever told
And did I tell you that I love you
just how much I really need you
Did I tell you that I love you.... tonight

tonight.....

And if I lived a thousand years you know
I'd never could explain
The way I lost my heart to you, that day
But if destiny decided I should look the other way
Then the world would never know
The greatest story ever told
And did I tell you that I love you
just how much I really need you....
Did I tell you that I love you..... tonight
