

Olivia Dean, Dive

It isn't working
I'm a tidal wave of question marks
And you're just surfing
Leaning into me like it's an art

It's so crazy, lately
You just understand my feelings, make me
See I'm capable and fine
And feeling beautified tonight
I'm ready to dive

Maybe it's the loving in your eyes
(I'm here, see through)
Maybe it's the magic in the wine
(I'm feeling loose)
Maybe it's the fact that every time I fall
I lose it all
But you got me from my head to my feet
And I'm ready to dive

Cos the water's warm
Ain't nothing wrong it's alright
I'm coming out and diving in tonight
I feel like

It's so crazy, lately
You just understand my feelings, make me
See I'm capable and fine
And feeling beautified tonight
I'm ready to dive

Maybe it's the loving in your eyes
(I'm here, see through)
Maybe it's the magic in the wine
(I'm feeling loose)
Maybe it's the fact that every time i fall
I lose it all
But you got me from my head to my feet
And I'm ready to dive

Diving into you diving into me
Wanna swim good and I wanna swim deep
Diving into you diving into me

Maybe it's the loving in your eyes
(I'm here, see through)
Maybe it's the magic in the wine
(I'm feeling loose)
Maybe it's the fact that every time I fall I lose it all
But you got me from my head to my feet
And I'm ready to dive

Right in to you
Right in to you

Maybe it's the fact that every time I fall
I lose it all
But you've got me from my head to my feet
And I'm ready to dive
