

Olivia Lufkin, Alone In Our Castle

So the siren went off
It chased you out of your mind
Just when i started to grow a garden
How selfish of me
But i need something to build on to
You can't leave me here
Alone in our castle
Alone in everything we have
I'll never see your face
The way it is in our castle
So i kidnapped your sweet sparrow
So i am dancing around on your pain
The hallways echo your longing
We both know what needs to be done
But something is holding on
Alone in our castle
Alone in everything we have
I'll never feel your skin
The way i do in our castle
Love oh love
I want to believe in love
I want to believe this feeling
That i feel deeply for you
But if you can't
Turn away and go
Don't turn back
And i'll do the same
Alone in our castle
Alone in everything we have
I'll never see your face
The way it is in our castle
Alone in our castle
Alone in everything we have
I'll never feel your skin
The way i do in our castle
