

# Olivia Newton-John, Change Of Heart

(Olivia Newton-John/Jim Brickman)

I feel that I'm at a crossroad  
I don't know which way to go  
You say that I am changing  
Into someone that you don't know

Who I am  
and who I'll be  
Is locked inside  
inside of me  
And if I follow my heart  
Will you still be my friend if we break apart?  
How do I make  
How will you take my change of heart?

For years you have been my best friend  
I thought that would always be  
You know that I just can't pretend  
It's written all over me

Cause where I'll go  
And what I'll do  
I just can't see my life without you  
If I follow my heart  
Will you still be my friend if we break apart?  
How do I make  
How will you take my change of heart?

Moving on  
It's gonna take some time  
When I'm gone  
You might have a change of mind  
Gotta take the chance  
No matter what I find

No matter how far I travel  
I think of you as home  
It's not about finding someone else  
It's all about being alone

Cause who I am  
And who I'll be  
Is locked inside  
inside of me  
Cause if I follow my heart  
Will you still be my friend if we break apart?  
How will I make  
How will you take my change of heart?  
How will you take  
my change of heart?
