

# Olivia Newton-John, Happiness Valley

(Barkam/Adams)

Show me the way to Happiness Valley  
Where there's sunshine and laughter every day  
Show me the way to Happiness Valley  
Where a smile can chase heartbreak away

It's a place in your mind  
That's not so hard to find  
If somebody's there to care, yeah

So, show me the way to Happiness Valley  
'Cos I've never been there before  
Just give me the love I've been dreaming of  
And you'll open up the door  
To Happiness Valley forever more
