

Olivia Newton-John, Love You Crazy

Watching the shadow dance
Reflected in your eyes
Open up and take a chance - talk to me
Don't hold everything inside
And if you want me say
Hold me now - hold me now
And it's ok to say - please hold me now

Lay your head down in my arms
Whispering my name
Go ahead and fall asleep
Dream the night away

I love you right - I love you wrong
I love you weak - I love you strong
I love you crazy every day and all night long
I share your joy - I'll ease your pain
I'll take your sunshine and your rain
Oh my baby - I love you crazy

My hands are innocent- my arms are open wide
There's nothing to fight against
I'll help you thru the stone cold night
And if you feel afraid - reach for me -reach for me now
'Cos I can't stand the wait -reach for me now

I'll be here when you awake
Whispering your name
Here's a promise I will make
My love will neve chane

I love you right - I love you wrong
I love you weak - I love you strong
I love you crazy every day and all night long
I share your joy - I'll ease your pain
I'll take your sunshine and your rain
Oh my baby - I love you crazy

I love you craxy high and crazy low
More then you will ever know
I will love you crazy all my life
I love you right
I love you wrong
I love you weak
I love you strong

I love you right - I love you wrong
I love you weak - I love you strong
I love you crazy every day and all night long
I share your joy - I'll ease your pain
I'll take your sunshine and your rain
Oh my baby - I love you crazy
