

# Olivia Newton-John, Would You Follow Me

(John Kongos)

Would you follow me if I search for another life  
Would you walk with me through the dark and the hungry times  
If I said, &quot;I'm gonna leave today&quot;  
What would you do  
Would you pack some things and come away too

Lose or win, thick or thin  
Where would you like to be  
Lose or win, thick or thin  
Would you follow me  
Would you follow me

Even though my dreams seem too far away today  
Take a chance and  
Stand by my side and

Lose or win, thick or thin  
Where would you like to be  
Lose or win, thick or thin  
Would you follow me  
Would you follow me

If I said I'm goin' away to join some revolution  
Could you ever give up what they call the &quot;good life&quot;  
Would you care to know what I'm lookin' for  
And if I find it  
Would you take note of the time, would you mind it

Lose or win, thick or thin  
Where would you like to be  
Lose or win, thick or thin  
Would you follow me  
Would you follow me
