

Olly Murs, Tomorrow

You know it's hard to be your friend
I hate to let you down again
We don't know how it's gonna end
Cause now you know the secret
I can't never mend And this could be gone when we wake up, tomorrow
Hearts are unchained
Time that is left, is borrowed
And I can't take the way that you look at me
Is there any place you and I could be?
And we could go away
It all could go away This silence is deafening
This ocean is without an end
And there's something I know
Something I know, we were meant to be
Please listen to me, are you listening? Cause this could be gone when we wake up, tomorrow
Hearts are unchained
Time that is left, is borrowed
And I can't take the way that you look at me
Is there any place you and I could be?
And we could go away
It all could go away Tomorrow, tomorrow And this could be gone when we wake up, tomorrow
Hearts are unchained, time that is left is borrowed And I can't take the way that you look at me
Is there any place you and I could be?
And we could go away
