

Omd, Kleptocracy

(Go)

It doesn't matter who you voted for
They bought the man that you elected
Selling liberty and martial law
Installed the one that you rejected
And all the presidents and kings and queens
The revolution had ejected
Stole the money through the backroom door
To Deutsche Bank undetected

(Go)

And so the Kremlin and the KGB
Under golden bed disinfected
Got the gossip on the GOP
And the candidate they selected

(Go)

(Go)

Saudi money over Central Park
Khashoggi's body got dissected
With dirty slogans on the red bus door
The narcissist stole the exit

Selling liberty and martial law
