

Omnisoul, Back To The Heavens

Your eyes can see me through another day,
Light me up and take me up baby.
Your eyes can see me in another way,
Saving me and gracing me baby.

Angel of mine, shine your light upon my days.
Light me up and take me up baby.
Your lilac eyes see me in another way,
Saving me and gracing me baby.
Oh, love.

Will you help me go back to the heavens?
Our rewards will be finer than gold.
Lord, Lord,
Back to the heavens.
Our rewards will be finer than gold,

I am free,
Meditating
All my life,
All my hating transforms
Into love.
I am waiting
For you, child,
To break through my fading heart

Dont come again, child
