

# Omnisoul, It's Alright

Shot through the eye,  
Love at first sight.  
She's only met me once.  
This missing piece  
Fits like a dream.  
We got a first class love.  
Oh oh oh oh oh oh oh

I took a crash.  
Wearing a mask is  
The only way I get by.  
Where did she go?  
Didn't she know  
I need her in my life?  
oh oh oh oh oh oh oh

As soon as I wake up.  
Man, I get the feeling it's alright.  
As soon as I touch down,  
Man, I hit the ground and it feels right.

Sky under me,  
How'd I not see  
The consequence of desire?  
All the small things  
Are bigger it seems.  
What an awakened life.  
Oh oh oh oh oh oh oh

As soon as I wake up.  
Man, I get the feeling it's alright.  
As soon as I touch down,  
Man, I hit the ground and it feels right.

As soon as I wake up.  
Man, I get the feeling it's alright.  
As soon as I touch down,  
Man, I hit the ground and it feels right.

oooh  
oooh  
ahhhh
