

Omnisoul, Speak

Lately things are crazy.
People hate me
They can be
So impatient.
Let's prevent hatred,
So we can live
Peacefully.

But don't believe a word I say
If everything I say is wrong.
Why must I do everything in all the right ways?

Just be warned that
We were all meant
To live here together;
And together we will be.
Spread so we can make love.
Without love
None of us would be.

But don't believe a word I say
If everything I say is wrong.
Why must I do everything in all the right ways?
