

One-21, Bozman

It's late and getting later
What are we waiting for?
Cast aside and thrown away
What are we waiting for?
I don't know how much more we can take
What are we waiting for?
It's late and getting later
What are we waiting for?
Rejected and retreated
What are we waiting for?
Forsaken and forgotten
What are we waiting for?
I don't know how much more we can take
What are we waiting for?
