

# One-21, Nothing To Lose

brothers and sisters listen up you got nothing to fear  
the victory's ours  
though we're sent like sheep among wolves  
we got nothing to fear

they have the body but not the soul  
they have the body but not the soul  
tell me wherein lies their control?  
no weapon formed against us shall prosper  
so bring it on we got everything to gain and nothing to lose  
do not fear what man can do the victory's ours  
to live is Christ to die is gain  
we got nothing to fear

brothers and sisters listen up we got nothing to fear  
the victory's ours  
more than conquerors  
we got nothing to fear
