

One Bad Pig, Hey Punk

Hey punk! You got the clothes
Hey punk! Ring in your nose
Hey punk! You got the black boots with the kickin steel toes
Hey punk! You got the beer
Hey punk! You got no fear
Hey punk! You got the thrashinmusic chewin on your ear

Chorus:

Why dont you realize
Open your blinded eyes
Your heart has no disguise
As evil as can be
I got some news for you
I found out what is true
And you can have it too
If you just would believe

Hey punk! You make the scene
Hey punk! The streets are mean
Hey punk! Your fist is piounding like a runaway machine
Hey punk! You left your home
Hey punk! Out on your own
Hey punk! I tell you, you dont have to live your life alone

Why dont you realize
Open your blinded eyes
Your heart has no disguise
As evil as can be
I got some news for you
I found out what is true
And you can have it too
If you just would believe

Hey punk! Your anarchy
Hey punk! Is slavery
Hey punk! Only through power of the Blood can you be free
Hey punk! Yes, Someone died
Hey punk! Yeah, He was crucified
Hey punk! Christ Jesus gave His life for punks like you and me

Why dont you realize
Open your blinded eyes
Your heart has no disguise
As evil as can be
I got some news for you
I found out what is true
And you can have it too
If you just would believe

Hey punk! Why wont you believe!?
