

# One Bad Pig, Swine Flew

When Jesus made me Kosher  
When I drank the sweet new wine  
I felt like a new creature  
Really felt like one fine swine  
Stark, cold, wet reality  
Came and nearly quenced my fire  
`Til I heard God speak to me  
I was right back in the mire

Chorus:

Youd have to see it to believe it, still Gods Word is true  
Swine flew, swine flew  
It gives grace a whole new meaning in a sky of blue  
Swine flew, swine flew

He said &quot;I havent left you,  
Hang tight and hope in Me,  
Ill reinvigorate you  
Give you strenght and energy&quot;

Up on my feet and moving  
Got a strange new runners high  
See me sprouting eagles wings  
This pig is gonna fly

Youd have to see it to believe it, still Gods Word is true  
Swine flew, swine flew  
It gives grace a whole new meaning in a sky of blue  
Swine flew, swine flew  
Slipped the surely bonds of Earth, in a way few do  
Swine flew, swine flew  
You can join me in the air, or just sit and stew  
Swine flew, swine flew

Swine flew, swine flew, swine flewswine flewswineflewswineflew...
