

One Bad Pig, We Want You

So many people with so many solutions
So many music makers making noise pollution
So you can play a guitar
Does that mean we have to listen to all your humanistic philosophies
But we play the music and tell you something you can believe

Chorus:

So sing:

Sing, sing Amy, sing Amy
Sing, sing BeBe, sing CeCe
Sing, sing Sandi, sing Sandi
Were doing the same thing
Were doing the same thing

So sing:

Sing, sing Amy, sing Amy
Sing, sing BeBe, sing CeCe
Sing, sing Sandi, sing Sandi
We want the same thing
We want the same thing
We want you

A singer sings, the people dance
What are they dancing for
What I offer you tonight is something so much more
But no, youre having too much fun now
Just killing yourself
We play the music, and tell you something you can believe

So sing:

Sing, sing Amy, sing Amy
Sing, sing BeBe, sing CeCe
Sing, sing Sandi, sing Sandi
Were doing the same thing
Were doing the same thing

So sing:

Sing, sing Amy, sing Amy
Sing, sing BeBe, sing CeCe
Sing, sing Sandi, sing Sandi
We want the same thing
We want the same thing
We want you

The Singer came, He sang the song
Thats what they killed Him for
He died for sin, He rose again
Hes knocking at your door
You can sing about whatever you want to
But if youre just making a bunch of noise
SHUT UP!!

So sing:

Sing, sing Amy, sing Amy
Sing, sing BeBe, sing CeCe
Sing, sing Sandi, sing Sandi
Were doing the same thing
Were doing the same thing

So sing:

Sing, sing Amy, sing Amy
Sing, sing BeBe, sing CeCe
Sing, sing Sandi, sing Sandi
We want the same thing
We want the same thing
We want you

We want you...
