

One Cool Guy, Bill Kozby

here's a man who starts off his flow with the j-e-double-l and o
he's a man happily married to clair huxtable
but this song ain't about the kozby show or is it about jello
it's about the one thing i like more, it's using the back door!

i want to! i want to! bill kozby you!
there's nothing that i'd rather do! bill kozby you!

now i bet you're wondering about this bill kozby thing
so think about a jello pudding pop and my long ding-a-ling
it's a most uncomfortable place and girl you won't see my face
so let's hit the back of a vw so i can hit the back of you
you're gonna wanna bend down a give me some
turn around then give me a hum
as you take all of my root in the poop chute

i want to! i want to! bill kozby you!
there's nothing that i'd rather do! bill kozby you!
