

# One Less Reason, 77

This happened once before  
Someone just like you  
I let my guard down and got devastated  
If you listen close, you might hear that sound  
I'm not sure but,  
I think it's my heart breaking

(Chorus)  
Someday, you will see  
I love the way you love me  
In me, there's nothing good but you, yeah  
And when this ends, we'll feel so overrated  
Outdated, and never ashamed

You know I'll try to change  
I didn't mean to lie  
But everything I am has fallen around me  
I feel short of breath  
You got so deep inside  
And I can't forget the first time I made you cry

(Chorus)  
Someday, you will see  
I love the way you love me  
In me, there's nothing good but you, yeah  
And when this ends, we'll feel so overrated

Outdated, and never ashamed

Black and white will fade to gray  
I'm nothing like you  
Lost all I have in just one day  
Tell me this is not real

Consider yourself my very one desire  
Consider yourself my slave  
Consider yourself at my fingertips  
Consider yourself my slave

I think you're beautiful

(Chorus)  
Someday, you will see  
I love the way you love me  
In me, there's nothing good but you, yeah  
And when this ends, we'll feel so overrated  
Outdated, and never ashamed  
Someday, you will see  
I love the way you love me  
In me, there's nothing good but you, yeah  
And when this ends, we'll feel so overrated  
Outdated, and never ashamed
