One Less Reason, 77

This happened once before Someone just like you I let my guard down and got devastated If you listen close, you might hear that sound I'm not sure but, I think it's my heart breaking

(Chorus)
Someday, you will see
I love the way you love me
In me, there's nothing good but you, yeah
And when this ends, we'll feel so overrated
Outdated, and never ashamed

You know I'll try to change
I didn't mean to lie
But everything I am has fallen around me
I feel short of breath
You got so deep inside
And I can't forget the first time I made you cry

(Chorus)
Someday, you will see
I love the way you love me
In me, there's nothing good but you, yeah
And when this ends, we'll feel so overrated

Outdated, and never ashamed

Black and white will fade to gray I'm nothing like you Lost all I have in just one day Tell me this is not real

Consider yourself my very one desire Consider yourself my slave Consider yourself at my fingertips Consider yourself my slave

I think you're beautiful

(Chorus)
Someday, you will see
I love the way you love me
In me, there's nothing good but you, yeah
And when this ends, we'll feel so overrated
Outdated, and never ashamed
Someday, you will see
I love the way you love me
In me, there's nothing good but you, yeah
And when this ends, we'll feel so overrated
Outdated, and never ashamed
