

# One Night Only, Hurricane

This is a hurricane  
I'm running for the miles  
I'm going nowhere  
But I'm young, I'm alright  
This is a riot, girl  
And you are the drums  
We are a chorus, people  
You are the lungs

This is a hurricane!  
Come on, come on!  
Shaking your bones  
Shaking your soul, oh  
This is a hurricane  
Come on, come on, yeah

I've got a question  
You know what's right  
I'm in the dark  
You're in the light  
This is a riot  
And we're banging the drums  
We are a chorus, people  
You are the lungs

This is a hurricane!  
Come on, come on!  
Shaking your bones  
Shaking your soul, oh  
This is a hurricane  
Come on, come on, yeah

This is a hurricane  
Come on, come on, yeah  
This is a hurricane  
Come on, come on, yeah, oh...

This is a hurricane!  
Come on, come on!  
Shaking your bones  
Shaking your soul, oh  
This is a hurricane  
Come on, come on, yeah

This is a hurricane!  
Come on, come on!  
Shaking your bones  
Shaking your soul...
