## One Side Zero, Never Ending

it feels like a lonely day it seems like a throw away and everything is a sad reminder of the way we could be together it feels like a lonely day

never ending, a never ending day, a never ending day

there will be a next time in my heart, in my mind i see me beneath you before the truth can seep through this is so contagious and every day it changes there will be a next time

shape turns a false display hoped for a holiday a sequel to the memory of her, and the day we laid together it feels like a lonely day
