He's swimming laps
In your breakfast bowl
Forgot his life before
So he don't even know
His street friends no more

You, eat, sleep, dream One-T
Bein' a star
The press, they caught one-t
Was gettin' wasted
At the backstage party
Boom chicks
They play his game
They're eatin' up all one-t's
Instant pop fame
On radio One-TV

You eat, sleep, dream One-T
Look hard at your face
Your double's been
Takin' your place
Hear that little voice
Get back on your real path, One-T !
