

# One True God, Kill Me With Your Love

I won't give up  
Baby I won't cry  
Not too much  
I'll be gettin high  
On the rush  
You can make me fly  
When I'm crushed

Kill me with your love  
With your love  
I wanna die in the pain that we are  
Kill me with with your love  
Don't let up  
I wouldn't lie you can take it too far  
Kill me with your love

Make me your sin  
I'll be yours to take  
yours to skin  
Let you wear my face  
like a mask  
Baby you're my faith  
I'm your trash

Kill me with your love  
With your love  
I wanna die in the pain that we are  
Kill me with with your love  
Don't let up  
I wouldn't lie you can take it too far  
Kill me with your love
