

One True Thing, Watch You Fall

Feel locked inside of me, I think I swallowed my own key.
Need to find a place, a space all my own.
Try to get away, but I just don't know where I can go!
And I'm getting away with it.

I looked at you for guidance,
I stared at you in awe.
I begged for all the answers and I
watched you slip and fall!
I don't want to give up,
I don't want to give up,
I don't want to give up!

Shadows pull me from my sleep, jaded beauty cut skin deep.
Need to find the image that makes me clean.
Try to get away, but I just don't know where I can go!
And I'm getting away with it.

I looked at you for guidance,
I stared at you in awe.
I begged for all the answers and I
watched you slip and fall!
I don't want to give up,
I don't want to give up,
I don't want to give up!

No, I won't ever forget because you pushed me way too far.
And still I won't let you down, but I'll laugh as I watch you fall!

I looked at you for guidance,
I stared at you in awe.
I begged for all the answers and I
watched you slip and fall!
I don't want to give up!
I won't ever give up
and I don't want to let you,
I don't want to let you...down.
