

OneRepublic, All Fall Down

Step out the door and it feels like rain
That's the sound (that's the sound) on your window pane
Take to the streets but you can't ignore
That's the sound (that's the sound) you're waiting for

If ever your world starts crashing down
Whenever you're world starts crashing down
Whenever your world starts crashing down
That's when you find me.

Yeah God love your soul and your aching bones
Take a breath, take a step, meet me down below
Everyone's the same, our fingers to our toes
We just can't get it right, but we're on the road

If ever your world starts crashing down
Whenever your world starts crashing down
Whenever your world starts crashing down
That's where you'll find me.

Chorus:

(Yeah) Lost till you're found
Swim till you drown
Know that we all fall down
Love till you hate
Strong till you break
Know that we all fall down

If ever your world starts crashing down
Whenever your world starts crashing down
If ever your world starts crashing down
That's where you'll find (find) me

Lost till you're found
Swim till you drown
Know that we all fall down
Love till you hate
Strong till you break
Know that we all fall down

All fall down, we all fall down, all fall down
We all fall down, we all fall down, all fall down

Lost till you're found
Swim till you drown
Know that we all fall down
Love till you hate
Strong till you break
Know that we all fall down
