

# OneRepublic, Didn't I

Didn't I, Didn't I, Didn't I love you?  
didn't we, didn't we didn't we fly?  
know that I, know that I still care for you  
but didn't we didn't we say goodbye?

swear that I saw your face  
at a coffee shop on 8th  
or maybe it as in my mind  
and I swear that I heard your laugh  
from a person that walked past me  
at a party the other night

never thought we'd ever have to go without  
take you over anybody else hands down  
we're the type of melody that don't fade out  
don't fade out, don't fade out, can't fade out

Didn't I, Didn't I, Didn't I love you?  
didn't we, didn't we didn't we fly?  
know that I, know that I still care for you  
but didn't we didn't we say goodbye?

Didn't I, Didn't I, Didn't I love you?  
didn't we, didn't we didn't we try?  
know that I, know that I still care for you  
tell me why good things have to die

do you remember all those plans  
that we made after too many drinks  
in the kitchen of your brother's apartment?  
where life was like a wishin' well  
4 am and raisin' hell  
damn, I knew you oh so well

never thought we'd ever have to go without  
take you over anybody else hands down  
we're the type of melody that don't fade out  
don't fade out, don't fade out, can't fade out

Didn't I, Didn't I, Didn't I love you?  
didn't we, didn't we didn't we fly?  
know that I, know that I still care for you  
but didn't we didn't we say goodbye?

Didn't I, Didn't I, Didn't I love you?  
didn't we, didn't we didn't we try?  
know that I, know that I still care for you  
tell me why good things have to die

we had our moments, didn't we?  
so much that we will never be

Didn't I, Didn't I, Didn't I love you?  
didn't we, didn't we didn't we fly?  
know that I, know that I still care for you  
but didn't we didn't we say goodbye?

Didn't I, Didn't I, Didn't I love you?  
didn't we, didn't we didn't we try?  
know that I, know that I still care for you  
tell me why good things have to die
