

# OneRepublic, Let's Hurt Tonight

When, when we came home  
Worn to the bones  
I told myself: "This could get rough"  
And when, when I was off, which happened a lot  
You came to me and said: "That's enough"

I know that this love is pain  
But we can't cut it from out these veins, no

So I'll hit the lights and you lock the doors  
We ain't leaving this room till we break the mold  
Don't walk away, don't roll your eyes  
They say love is pain, well darling, let's hurt tonight

When, when you came home  
Worn to the bones  
I told myself: "This could be rough"

I know you're feeling insane  
Tell me something that I can explain, oh

I'll hit the lights and you lock the doors  
Tell me all of the things that you did before  
Don't walk away, don't roll your eyes  
They say love is pain, well darling, let's hurt tonight  
If this love is pain, well darling, let's hurt, oh tonight

So you hit the lights and I'll lock the doors  
Let's say all of the things that we didn't before  
I won't walk away, won't roll my eyes  
They say love is pain, well darling, let's hurt tonight  
If this love is pain, then honey let's love tonight
