

# Onslaught, Flame Of The Antichrist

Church of christ breeding hate the flame of hell shall rise  
Satans force rains from the throne to slay the priest of lies  
1,000 years was bound by chain Satanus seeks revenge  
Burning flame the antichrist no mercy no repent

Lightning strikes the knell of death panic runs below  
Holy priest he prays in vain the winds of death now blow  
Flame of the antichrist

Satans troops they march from hell the ressurected dead  
Church of christ lay under siege the flame of death burns red  
Demons slay the king of kings destroy this holy shrine  
Bow to me the antichrist the house of god is mine

Lightning strikes the knell of death panic runs below  
Holy priest he prays in vain the winds of death now blow  
Flame of the antichrist

Cast upon the wings of death drowned in seas of blood  
Damned the church to solitude holy ones are slain  
Fallen from the lap of god satan claims revenge  
Thunder flame the mighty force burn the cross

In sacred tongue they try to fight satan holds the force  
Wind and flame exerting death destruction of the cross  
Spirits scream with chants of doom lucifer has come  
Distant hopes the heavens fall in hell thy will be done

Lightning strikes the knell of death panic runs below  
Holy priest he prays in vain the winds of death now blow  
Flame of the antichrist
