

# Opeth, Hessian Peel

Will the children cry  
When their mother dies  
And in the autumn of their lives  
Will they feel the same

//(Reversed lyrics 2: 03-2: 22)  
//Uoy ees I  
//Natas teews ym  
//Thginot kcab emoc  
//Draytruoc eht no tuo  
//(Out on the courtyard  
//come back tonight  
//my sweet satan  
//I see you)

Her longing for me coming down like hail  
Why did you leave me

Come here inside and tell me how  
How in my final days  
I'd find the rhyme

The light comes on  
The signal for us to act out our lives  
You wait beneath the white sheets and you wait forever  
The light comes on  
//Your weakness  
//Storing trace on your arms  
So I left you alone  
We all left you alone

//(Reversed lyrics 7: 21-7: 24)  
//yhw nosaer ruoy lla kcol ll'yehT  
//(They're no longer your reason why)

Lock the children away from harm  
They're no longer your reason why  
//Seeking tenderness with a dagger  
//Skin is marked by the years of trials

You felt abandoned in a flock of friends  
Singing praise for the dead  
Awaited the face of the moon to ascend  
And followed the sound in your head
