

opm, Fish Out The Water

I'm tellin' you

Picture this
another Monday morning
You go to work
but you dont why you're goin '
Everyday it's just the same
it's stupid and boring
And it feels like you're going insane

Right now, you don't understand it
Slow down, there's no reason to panic
Because Monday you're still gonna make it
But you can't get that far when you're a fish outta water my friend

Marco Polo don't you know thats how the game goes
Marco Polo you're a fish outta water and I bet you didn't know

Everyday, life's gettin' harder
And you're livin' like a fish outta water
You can't breathe or you dont bother
That's what it like when you're a fish outta water

I'm tellin you

You wake up one day
look around realize your
Losin' time
The tide has got you and you watch as your life starts drifting by
thought you'd go with the flow
Next thing you know you're drowning
Take a step back and
Check yourself, make sure you don't fuck it up
and then you
Do it again

Right now you don't understand it
slow down there's no reason to panic
Because one day your still gonna make it
But you can't get that far when you're a fish outta water my friend

Marco Polo dont you know thats how the game goes
Marco Polo you're a fish outta water and I bet you didn't know

Everyday, life's gettin' harder
And you're livin' like a fish outta water
You can't breathe or you dont bother
That's what it like when you're a fish outta water

Marco polo...

Now I'm underwater so deep that I'm blind
feelin' around in hopes that I'll find
Inspiration
or somthin' that'll touch me
grounded so deep my feet can't even move me
Time runnin' in the rat race all day
I'm thinkin' who's life is it anyways
Feelin' worthless can't even find the surface
swimmin' in my mind
just to find the purpose
Tides all low and I'm all exposed
Wonderin' about this path I chose
Nobody told you when to run

Bang bang; you missed the starting gun

Everyday, life's gettin' harder
And you're livin' like a fish outta water
You can't breathe or you don't bother
That's what it like when you're a fish outta water

Everyday, life's gettin' harder
And you're livin' like a fish outta water
You can't breathe or you don't bother
That's what it like when you're a fish outta water
