

# Orange 9mm, Take You Away

Up tight you better realize  
I never hide and I'll never get mine alone  
'cause of the simple fact  
Fulfill you like to get a lot  
I call greed but I'll never get high alone  
It don't mean the same thing  
There won't be nothing that will tear us apart  
Can't take you away from me  
You're so blind open your eyes  
I know you'll see that I'll never get mine alone  
'cause I don't care about it  
Diseased you better realize  
I'm on my knees and I'll never get mine alone  
It just don't mean the same thing...
