

Orange And Lemons, When I'm With You

When I'm with you girl
My world turns upside down
When I'm with you girl
It makes me wanna cry out loud

Oh, I love you so and I know
You'll always be the one
Be the one for me
When I'm with you
When I'm with you girl

I get high, you pull my feet off the ground

When I'm with you girl
You make me look like I'm a clown
But it's nice to know
Yeah it's nice to know you're mine

When I'm with you

Yeah it's nice to know you're mine
When I'm with you
When I'm with you
When I'm with you
When I'm with you
