

# Oratorio, Ages Before

Flying in the sky with holy ghost  
Just a dream a fantasy?  
Moment burned to dust. The future or the past?

My life passed before my eyes  
What is this, another dream?  
No doubt no deceit no shape of evil. I am free!

Ages before  
Who are we now?  
Despair in our soul

Ages before  
Who is our God?  
The fountain of life.. yeah!

Once again I breathe the air of peace  
Angels dance we live in joy  
There's no more hate. Love of God surrounds us.

It's not the time to fall asleep  
I pray everyday  
Let the world to know your name is only way to be saved!
