

Orbita Wiru, Demons away (the Witcher theme)

Day by day, year after year
destroying illusions,
I'm trying throw away
all the demons filling my head.
Even if I stop my mission
fight will still last in my brain,
Even if I kill my obsessions
they'll always return.
Standing on the victorious hill
I'm feeling so high, no one can hurt me
I'm not a man
purifying this old, rotting land
Power of my sword can't still help
chasing demons away.
Even if I try, Even if I die,
demons will be inside my mind.
Prayer to my God is the only way
Chasing mental demons away!
Prayer to my God is the only way
Chasing mental demons away from my head.
