Gori, gori, moya zvezda
Zvezda lyubvi privyetenaya
Ty u menya odna zavyetnaya
Drugoj nye budyet nikogda

Drugoj nye budyet nikogda

Tvoih luchyej volshybnoj siloyu
Vsya zhizn mya ozaryena
Umru li ya - ty nad mogilyu
Gori, siyaj, moya zvezda!

Umru li ya - ty nad mogilyu
Gori, siyaj, moya zvezda!

Oh shine, oh shine, my lovely star
The star of love salutatory
You are the one, beloved and cherished
There will be never another one

You are the one, beloved and cherished
There will be never another one

My whole life is lighten up
By magic power of your rays
And if i fall upon my grave
Oh blaze and shine, my lovely star.

And if i fall upon my grave
Oh blaze and shine, my lovely star
