

Orphaned Land, Find Your Self, Discover God

Find your self, discover God
And the truth you can't deny, I shall never die
Together we shall fly
You will find your God the only one
You are his begotten son

Beyond the mystic sky
I know that I can fly
And my soul shall follow the path
I paved wlong with love

You know the only thing I want is to love
How can I lie within you now ?
God of darkness, God of light,
In my soul day or night,
I ride the shadows, yet live in light and cry...
"If a man could pass through the paradise in a dream
and has a flower presented to him as a pledge
thus his soul had been here" (Nathaniel Hawthorne)
As I awaken from slumber my mind filled with sights unreal

My only wish is to see you lie
To make your soul forever fly
You will fly beyond the mystic sky
You will lie again with the lord, Allah !
